

# Zero-Ohm Systems Appoints Sound Classy as the Exclusive Distributor in Hong Kong and Macau

Montreal, Canada, March 2nd, 2020

We are proud to announce the signing of an exclusive distribution agreement in Hong Kong and Macau. Sound Classy is a dynamic organization carrying many top brands like K-array, Linea Research, Xilica and Soundtube. Our new partner has the vision and passion to spread the message about the unique merits of our patented technology solutions. ZOHMS: We Are Transforming the Laws of Sound.

With a proven record of accomplishment, Sound Classy will ask a fundamental question to integrators, consultants and installers in the region. Why would you continue to sacrifice sound quality on major installs? Leave the commonly accepted sacrifices of the past behind you. Zero-Ohm Systems provides the simplicity of 70V/100V installations while simultaneously delivering all the benefits of Low-Z. Our plug-n-play design essentially eliminates the need for transformers offering the core customer benefit of full-range sound. In addition, the benefits afforded by install simplicity and effortless scalability are complimented by impressive cost and labour-saving opportunities on a large variety of jobs.

## **About ZOHMS Inc.**

Zero-Ohm Systems is a global manufacturer of a unique award-winning patented technology. Best of Show Distinction at ISE 2020; Best New Product Technology (Innovations Showcase) InfoComm 2017.

Our passive devices interconnect between any amplifier and loudspeakers without worrying about speaker loads, impedance and long cables runs. Forget the limits of traditional systems. You can now connect 20-40 speakers or more in parallel to one amplifier without the use of transformers. Until now, the ability to connect multiple speakers in parallel was confronted by the issue of operating the amplifier at a safe impedance. Although there are amplifiers that operate at 4 ohms and 2 ohms safely, any effort to drive them below the rated resistance load led to device failure. With this revolutionary invention, the rules have changed! Zohms products are ideal for major installations like hotels, shopping malls, theme parks, stadiums, bars, cinemas, reception halls, cruise ships, restaurants, airports, and more. If you would like more information or if you are interested in representing Zero-Ohm in your territory, visit [www.zohms.com](http://www.zohms.com) and/or send an email to [info@zohms.com](mailto:info@zohms.com).
